ABOUT ME

Full Stack Developer and graduate of the Associate Degree program in Web & App Development at TUX Global Institute, with three months of corporate experience developing an e-learning platform at Wedu Abroad. Experienced in building responsive web applications, designing RESTful APIs, integrating databases, and implementing full-stack features using React.js, Next.js, Node.js, Express.js, NestJS, FastAPI, Laravel, and PostgreSQL.

Experienced in deploying applications and working with modern development tools, including Docker, Git, GitHub Actions, and Render. Passionate about building reliable, user-friendly applications and continuously improving software development skills through real-world projects.

EXPERIENCE

web developer

2026-03-03 – 2026-03-06

Wedu Abroad · Phnom Penh · Cambodia

Internship · Full Time

Full Stack Developer — Wedu Abroad

Duration: 3 months

- Contributed to the development of an e-learning website for Grade 12 students to access learning resources and prepare for the Bac II examination.
- Worked with React.js to build the frontend and FastAPI to develop backend functionality.
- Used PostgreSQL, hosted on Neon, for application data storage.
- Contributed to building a platform designed to help students access educational resources online.

Project: E-Learning Grade A : https://e-learning-grade-a-front.onrender.com/
